Dance Magic

Get the students up and moving!

Dance Magic combines fun dances like The Hokey Pokey and The Twist with sleight of hand magic and songs to captivate and enthral the young audience.

The star of the show is Drawing, a magic face that has been sketched onto a pad in front of the children that comes to life, first looking around the room and then talking. The banter and visual humour between this drawing of a cheeky monkey and Alistair is all aimed perfectly at the under 6 year old audience.

From the moment Monkey's mouth is drawn he starts talking, telling Alistair how he is to be drawn and giving his humorous comments on everything. The hilarious dialogue continues right up until the drawing is torn from the pad and given to an audience member.

Children get to join in all of the dances; doing the actions to the Hokey Pokey, and at other times making up their own dance moves. There are also a number of opportunities for children to join Alistair on stage and help him perform his magic tricks.

Dance Magic combines humour, audience participation, surprise, magic and of course dance in this most enjoyable performance.
