

Worksheet for

Australia Changing Over Time

By numbering them from 1 to 4, show the order in which these 'ways of recording sound and music' were invented, 1 being the oldest and 4 being the most recent.

This was not talked about in the performance but:-

Gas, Charcoal, Wood and **Electricity** have all be used to cook food. Think about it and have a guess as to which of these fuels where used first for cooking and then write them in the order of their use in history to cook food. You may not know what Charcoal is, it is a bit like coal.

1. _____
2. _____
3. _____
4. _____

These are questions about things that were in the performance, but if you can't remember it from the show think about the question and have a go at answering it.
