

# Stopping The Plastic Time Monsters

*Loads of Fun while teaching kids not to Litter*

Sven is a seriously fun loving, marine biologist with an important message from the future.

You see Sven, has travelled back to our time to show us, what we all need to do to save our world from the dreaded plastic bag monsters. These little monsters are clogging up our water ways and oceans and harming all the animals of the world. Will the people of Earth do what Sven is asking them to do?

Plastic Monsters is a kids' comedy with an important message about littering. Sven sets out not just to show how litter is harming all the creatures in the oceans but to convince his young audience that they too can help prevent it.

With music, catchy songs, fun audience participation and laugh out loud comedy, Plastic Monsters is designed to show your children the things they can do every day to help keep their world cleaner, tidier and more animal friendly.

Adapted from a script originally created by two of Melbourne's finest comedians, Cam Venn and Paul Bourke, Plastic Monsters is performed by either Paul Bourke or Dave Houston
