Opposites World

Our children really enjoyed getting involved.

Kezia is a teddy bear. It's his Mum's birthday and everyone is making her presents; everyone except Kezia. He is too busy playing 'Opposites'. At lunchtime he is too full to eat. At nap-time he is too wide awake to sleep. When he uses his outside feet inside and all the presents go flying it's suggested that he should stop and think about what he will give his Mum for her birthday!

A Story! Kezia decides a story is the perfect birthday present so he travels to Opposites World for ideas.

There Kezia meets a fish out of water, a flying cow and a caterpillar who is afraid to go into his chrysalis. They all have problems. So Kezia helps them all and becomes the King of Opposites World. But what's that? Kezia can hear his family singing 'Happy Birthday'. He has to give up his kingdom in Opposites World and get home, FAST!

Opposites World is a delightfully funny, interactive and involving, playful story about imagination, mindfulness and helping when you can.

What other pre-schools have said:

Thank you for the show, the children really loved it and the teachers said it was one of the best shows we've had. It was really great that the children were able to actively participate and enjoyed really getting involved. We look forward to having you back again!
