My First Circus

WHAT A COMBO! Juggling, Clowning, Ventriloquism, Colourful Magical Illusions, Lots of Laughs, Doves, a Rabbit and Guinea-pig plus a number of Animal Balloon Sculptures made and left with the children as mementos, all go to make My First Circus a truly memorable experience.

Throughout this mini circus Alan is joined on stage by many assistants, chosen from the audience, who are astounded at what they find in their hands and behind their ears. Things appear and disappear, guinea-pigs go shopping and balloons turn into rabbits right before your eyes.

Alan has Ventriloquist Dolls and Drawings that talk. Meet Sunshine - he has trouble remembering the words of the nursery rhymes he is trying to learn and Barney the Rabbit has some tips on Road Safety to share.

With Alan's wonderfully colourful costume and his charmingly enthusiastic stage charisma, children are presented with an up close and personal form of entertainment that they just don't get from the abundant other forms of entertainment they are bombarded with in today's digital world.

Bring some circus magic into their lives by giving your little ones something to rave about for days with My First Circus.

What pre-schools have said:

Performance was engaging for both children and educators, all found it very funny. *Debbie Wakefield. Goodstart Early Learning Melton West. VIC.*

Fantastic, engaging, lots of giggles. You captivated the children's 'attention' in your performance. The hour flew. Alan, thank you for the performance. Thanks for bringing the laughter.
Stacey Constantine. Guardian Early Learning Centre. Mentone. VIC.

The children enjoyed the range of tricks and acts Alan had to offer. They laughed a lot and really loved the Guinea Pig and the Birds. Would recommend to other child care service.
Samantha Lamperd. Guardian Early Learning Centre - Hillside. Hillside. VIC.
